

LUCY CLAY[®]

CATALOGUE 2019

OUR STORY

The LC Tools company was founded in the Czech Republic in 2013 by Lucy and her dad Jiri Strunc. Their goal is to innovate, develop and market new tools which are used for polymer clay. These tools are stylish yet practical in design, with a simplified interface so every clay artist can use them with confidence. You've known the two flagship products, the Czextruder and the LC Slicer, for years.

Czextruder was introduced at the end of 2012 and quickly found its place in the market. First sold in the Czech Republic, Czextruder is now available in Europe as well as in the USA, Canada, Australia, and Israel. Continuous upgrades have allowed it to evolve into its final version called the HD (Heavy Duty, so named in 2014) which reflects its unbreakable trapezoidal threaded rod. You can read more information about Czextruder on the official product page at www.czextruder.com.

The LC Slicer, was designed from scratch by the LC Tools team and is based on ideas, comments and requests from customers. The team thanks these customers for their support and trust in helping to bring the LC Slicer to life as a robust tool for cutting precise slices of polymer clay. For more information, please visit the product page at www.lucyclayslicer.com.

In recent years, the main focus of the LC team was to design a tool that kneads, conditions and makes perfect sheets of polymer clay. This tool was introduced as the Lucy Clay Machine in 2016. www.lucyclaymachine.com

LC Tools also offers a variety of accessories to enhance the polymer clay world. The team puts great emphasis on the feedback from all customers in order to make and adapt products according to user requirements. The motto at LC Tools is "Designed for You".

LUCY CLAY
LC GLASSYMER
Color GEL - White
50 ml / 1.69 fl.oz.

LUCY CLAY
LC GLASSYMER
Color GEL - Yellow
50 ml / 1.69 fl.oz.

LUCY CLAY
LC GLASSYMER
Color GEL - Red
50 ml / 1.69 fl.oz.

LUCY CLAY
LC GLASSYMER
Color GEL - Magenta
50 ml / 1.69 fl.oz.

LUCY CLAY
LC GLASSYMER
Color GEL - Blue
50 ml / 1.69 fl.oz.

LUCY CLAY
LC GLASSYMER
Color GEL - Green
50 ml / 1.69 fl.oz.

LUCY CLAY
LC GLASSYMER
Color GEL - Black
50 ml / 1.69 fl.oz.

LUCY CLAY
LC GLASSYMER
Liquid GLUE
50 ml / 1.69 fl.oz.

LUCY CLAY
LC GLASSYMER
Transparent
50 ml / 1.69 fl.oz.

LC GLASSYMER

www.lucyclay.com/glassymer

Transparent GEL

A liquid bakeable **Transparent GEL** creates a flexible 100% clear layer that looks just like glass. It may also be used as a protective coating, a sealant, or a bakeable glue.

Color GEL

A liquid bakeable **Color GEL** creates a flexible layer that looks just like glass. Mix a small amount of **Color GEL** with **Transparent GEL** to achieve transparent layer.

Liquid GLUE

Adheres two pieces of polymer clay (both raw and baked) and clay to porous materials. **Liquid GLUE** is less transparent and less flexible.

Bake in the electric oven
at **140°C** for **30 minutes**.

Can be baked longer if necessary.

LC SLICER 2019

LC Slicer is a unique tool for cutting thin and precise slices of polymer clay. Available in three versions - left, right and DIY toolkit.

www.lucyclayslicer.com

LC MINI SLICER 2019

Smaller version of the LC Slicer. Suitable for traveling to polymer clay events. It is delivered as a toolkit. But don't worry! Assembling is quite easy and fun!

CZEXTRUDER SET 2019

Czextruder in a set with the new small board with a magnetic click system (LC Vise). Suitable also for work with a cordless drill. Enjoy hands-free extruding!

www.czextruder.com

LC VISE / LC BASE

Brand new Czextruder holder in two possible designs. It stays attached to the table while in use thanks to the solid magnets.

www.czextruder.com

LC DISKS

The original discs for Czextruder. Discover the incredible amount of new techniques and designs.

www.czextruder.com

CZEX. ACCESSORIES

These handy accessories will make your creative work easier. Keep your Czextruder in perfect condition with LC Lubricant and LC Brush.

www.czextruder.com

LC STENCILS

Stencils for easy making of wonderful patterns from polymer clay using paints, inks, and powders. They are available in many versions so you can select patterns you like.

www.lucyclay.com/tools/othertools

LC SHAPE PLATES

LC Shape plates are thin stainless steel metal plates with patterns of different sizes, designed for clayers and polymer artists.
